Director's Note

Boss Girl Inc was founded on the vision of an 11-year-old girl named Xara D. Kemp to create "...a sisterhood and inspire all girls to dream BIGGER and use their abilities and voice for social justice for all women".

Xara identified disparity gaps between men and women in income, power, and respect. Her passion to empower more female leaders to improve economic balance, social respect, and mental healing has spearheaded the birth of Boss Girl Inc. Women have made great strides but there is so much more to do.

The 2023 Government by Girls Program is a one-day conference to galvanize young ladies to come together, use their voice, speak up, and fight for change. We will conduct roundtables, panel discussions, and networking to expose and introduce students to community leaders.

Thank you for supporting our programs and mission.

Warm Regards,

Xara Kemp
